

OVERNIGHT ADVENTURES IN THE WESTERN LAPLAND 2017

If you fancy a bit larger bite of Lapland and the Nordic way of life, these adventures are made for you!

On these safaris our guides will lead you to the heart of Lapland and take you to remote wilderness cottages where you can live like a true Finn! Together with your guide you heat the cottage, prepare an evening meal on an open fire, go out and enjoy the peace of the snowy wilderness at your own pace. You can try snowshoeing or ice fishing – or just admire the scenery, stars or even Aurora Borealis, if you are lucky. The safari is available for snowmobiles, on snowshoes or easy-to-use Altai skis, with huskies or even reindeer.

And what is best: most of our one night adventures have been designed so that everyone can participate! The daily distances are moderate and routes easy. Most snowmobile and some husky safaris are also suitable for couples, as two persons can share one snowmobile or a husky sled on these safaris. The cottages are genuine simple wilderness cottages, without electricity or running water, where you sleep in one shared bedroom in your warm sleeping bags.

You can either take part on our guaranteed weekly departures, book your private departure, or ask for an offer of your very own tailor-made adventure.
